Red Nose Day - We saw RED!!

Thank you so much for making such an effort today in sending your child into school wearing red in an effort to raise money for Red Nose Day 2019. This year along with the sale of red noses we have raised a currently undisclosed figure (we'll tweet it out once all the cash has been counted)! As well as wearing red all day we have had the opportunity to consider what charity means and how something small for one person can mean the world to another. In year 1 even some of their Maths turned red as they have been solving red word problems...

If you would like to find out more about how the money you donate is spent, please click [here](#) to visit the Comic Relief Website. The Key Stage One Photography and Art Passion Project group documented the sea of red. They took photographs and then they turned these into unique pieces of art in the form of a digital photograph collage. They used Keynote, Instant Alpha, and Markup whilst experimenting with layers and orientation. We were impressed with how well it turned out, what do you think...

1 Year 1 are raising money for Comic Relief. They have arranged a sponsored run. Each child that runs will donate £2. There are 16 children running. How much will they raise?

2 To raise money for Comic Relief Year 3 are giving up chocolate for one week. They will donate £5 to charity for everyday in the week they don't eat chocolate. How much could each child raise?

What is red and white and black all over?

A sunbrnt penguin!

Pilates for You

Every Thursday Holy Trinity hosts a pilates session run for adults. The sessions from 6pm - 7pm and cost £5 for the hour and are payable in cash to the instructor.

ATTENDANCE THIS WEEK

1st: Year 2 with 99.2%

2nd: Year 5 with 98%

3rd: Year 3 with 97.3%

PRESCHOOL UNDER 2'S

We made the most today of the odd bits of sunshine this week getting outside and having a really good run around.

PRESCHOOL

Our topic book is 'Big Hair Don't Care' so we decided to make spaghetti hair pasta. It was delicious!

NURSERY

We have enjoyed exploring in the messy tray. We filled and emptied bottles and cartons with different shaped pasta and glitter.

RECEPTION H

We planted sunflower seeds and beans. We discussed what they would need in order to grow!

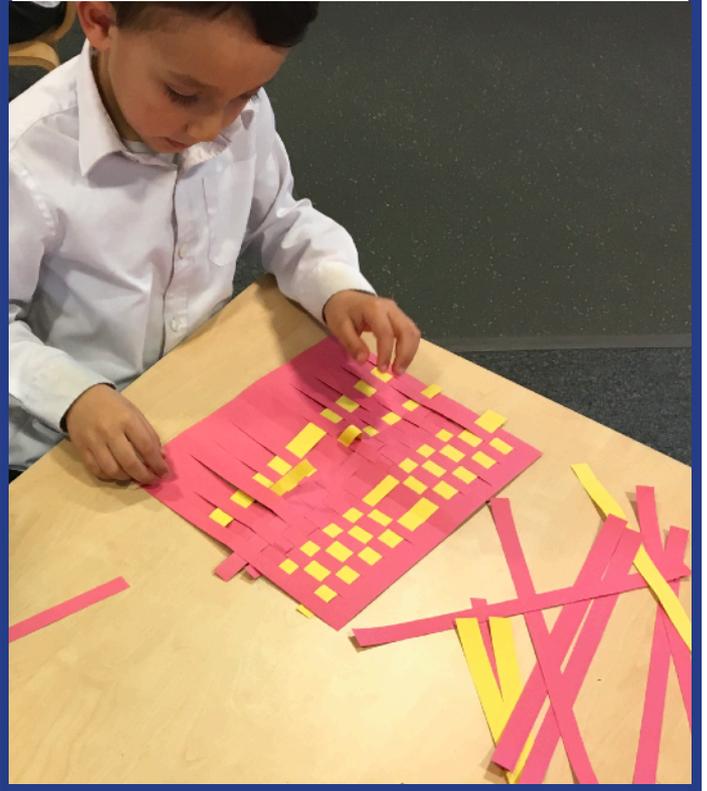

RECEPTION T

We have been sending postcards from our adventure in Space.

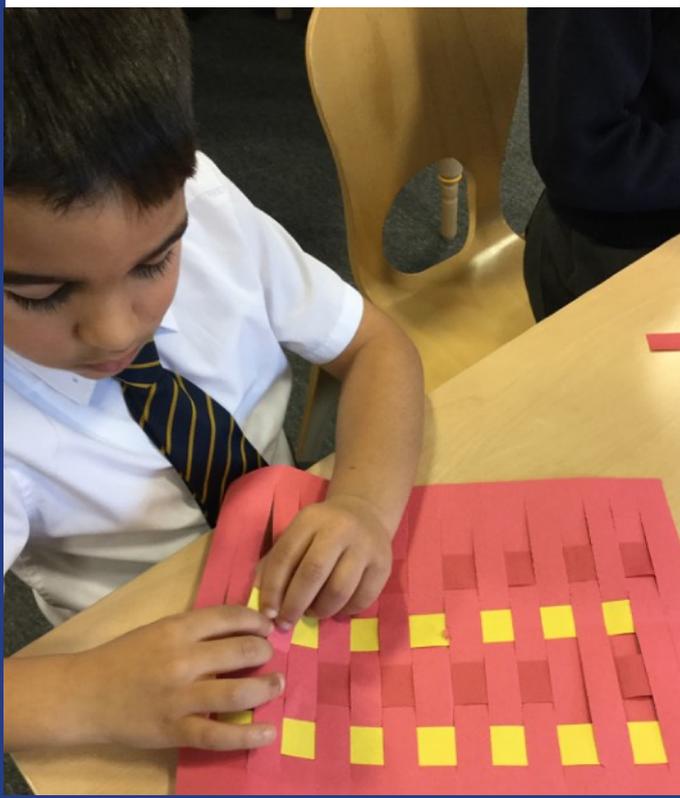

YEAR 1H

In our topic lessons we have been learning how to weave using paper. We then used our weaving skills to make our own the Spanish flags.

YEAR 1T

In our topic lessons we have been learning how to weave using paper. We then used our weaving skills to make our own the Spanish flags.

YEAR 2

We have been learning about maps and symbols. In our most recent lesson, we talked about why maps have symbols and what they represent. We studied a map of Dalston and identified the key features (shops, schools, flats, train station, cafe). We then used simple grid references to plot in the symbols on a map.

- H6- Shop
- B7- Train station
- B8- Library
- A4- Playground
- A14- cafe
- G10- School
- C7- Restaurant

YEAR 3

We have been learning how to sew. So far we have practiced cross stitch and back stitch.

YEAR 4

For world book day we took a special trip to the Curve Garden and thought about how precious it is to have a green, outdoor space to visit given our inner city environment. We then looked at some proposals to build over the Curve Garden, and wrote some fantastic persuasive writing to Hackney Council about why the Curve Garden should be protected and how important it is to us.

YEAR 5

We had a special visitor on Wednesday. Natalie, a paramedic from the London Ambulance Service. She taught us some basic emergency aid and how to respond in an emergency.

YEAR 6

We have been exploring the planetary movement, looking at the Geocentric versus the Heliocentric theory.
