Gymnastics

On Tuesday 20th November the girls gymnastic team from Holy Trinity took part in the Primary Advantage Federation competition. The team performed incredibly well and came second overall. They were exemplary in their representation of Holy Trinity and did us proud.

ATTENDANCE THIS WEEK

1st: Year 2 with 97.7%

2nd: Year 1H with 97%

3rd: Years 5 with 96.7%

PRESCHOOL UNDER 2'S

'Tis the season to be jolly and we all really enjoyed having our feet painted and printed onto paper to make mistletoes. It was such a funny feeling!

PRESCHOOL

Following on with our book The Tiger Who Came To Tea. We have been painting teapots for the stripy tiger in case he visits again. We hope he likes them!

NURSERY

We have been using our fantastic imaginations to come up with outfits. This young lady is a fire fighter who loves to shop.

RECEPTION H

We have been reading 'The Gingerbread Man' we cut out and made puppets then put on a puppet show for our friends!

RECEPTION T

We have been reading and writing about 'The Gingerbread Man'. Miss Pearson helped us to make gingerbread men. Luckily they didn't run out of the oven when Miss Pearson opened it!

YEAR 1H

We have been counting on and back, making numbers using concrete objects and then calculating one more or less. In some of our lessons we worked collaboratively so that we had the opportunity to explain what we were doing. It also gave us a chance to help correct our partner if they made a mistake.

YEAR 1T

In science we have been learning about shadows. We started by making shadows on the classroom wall.

YEAR 2

We learnt even more facts about London in 1666, experimented with the brightness of lightbulbs in electric circuits and located continents, oceans, countries and main cities of the UK using an atlas.

YEAR 3

We have been exploring features of the Apple app "Clips". These include live titles, music, labels and filters. We got the hang of how it works very quickly and made short films on a topic of our choice. We had lots of fun watching each other's creations. Next week we will use our newly acquired skills to make a short film about Viking beliefs and festivals.

YEAR 4

In PSHE we learnt about judging people based on their appearance and how our perspective means we can see different types of people differently. We learnt that perspective means how you see things and it can change depending on your viewpoint. What do you see when you look at this? A young lady or an old lady?

YEAR 5

We became Ancient Greek potters this week - first we designed our vase, next we moulded it from clay, before finally painting it.

YEAR 6

In maths we have been learning how to multiply and divide fractions with integers and other fractions. We then practised these skills and others playing a collaborative on an App called Quizlet.
