## Kings Hall Leisure Centre Pool is

## Reopening- Year 3 Swimming is BACK!

We have been informed that the Kings Hall Leisure Centre pool is reopening on Monday 24th June which means that the Year 3 swimming lessons will begin again from Wednesday 26th June. Please ensure that your child brings their swimming kit to school with them on Wednesday. Please note that the children will not be swimming with penguins!

## Piano & Organ Playing Taster Lessons

All Saints Haggerston and Holy Trinity Dalston Churches along with The Trinity Centre are subsidising the charge for piano and organ taster lessons. There is no prior playing experience necessary and these lessons run from 3pm – 7pm every Tuesday for only £9 and last for 30 minutes. These taster lessons are aimed at children aged between 5 - 15 years. A parent or carer must be present for the lesson. For information and to make a booking please email: [bookings@trinitysaintsunitd.co.uk](mailto:bookings@trinitysaintsunitd.co.uk)

## H.T. School Uniform - Available online with M&S

**Every Learner:  
Empowered. Inspired. Prepared**

## PRESCHOOL UNDER 2'S

We all enjoyed feeling the texture of play dough in our hands, decorating our ginger bread men with eyes and buttons, cutting out stars and finally rolling the play dough flat to make a pancake.

## PRESCHOOL

Our story is 'Rumble in the Jungle' so we decided to take turns and draw our favourite animal from the story on the magic glow board. Roar..... I wonder what that could be?

## NURSERY

We are reading the story book 'Giraffes Can't Dance'. Here we are making our very own jungle. We have been cutting out animals, shredding and rolling paper to make palm trees. Can you see the animals we made?

## RECEPTION H

It was finally time to let our butterflies free into the wild. We were lucky enough to hold them, one even landed on our classmates face! 🦋

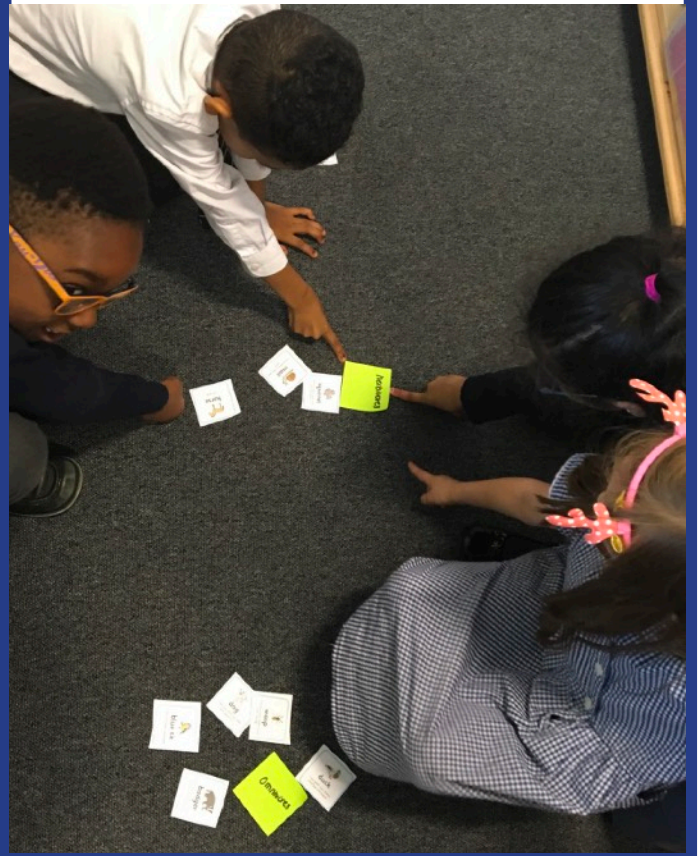

## RECEPTION T

We are learning about dinosaurs! We studied real fossils and discussed the shapes and textures with our talk partners. Then we used salt dough to create our own dinosaur bones!

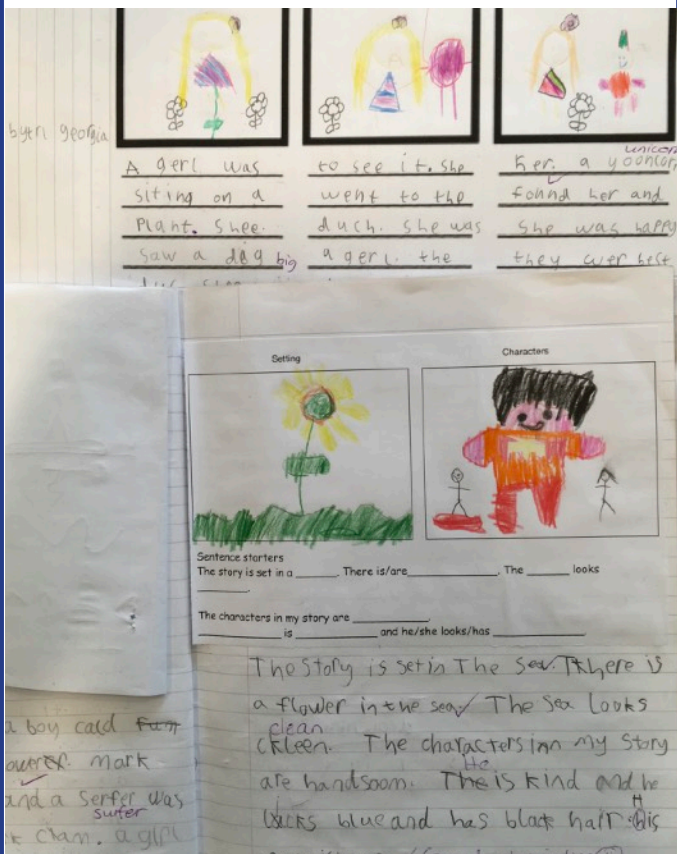

## YEAR 1H

We have been learning about how animals needs are met in their habitats in our Science lessons.

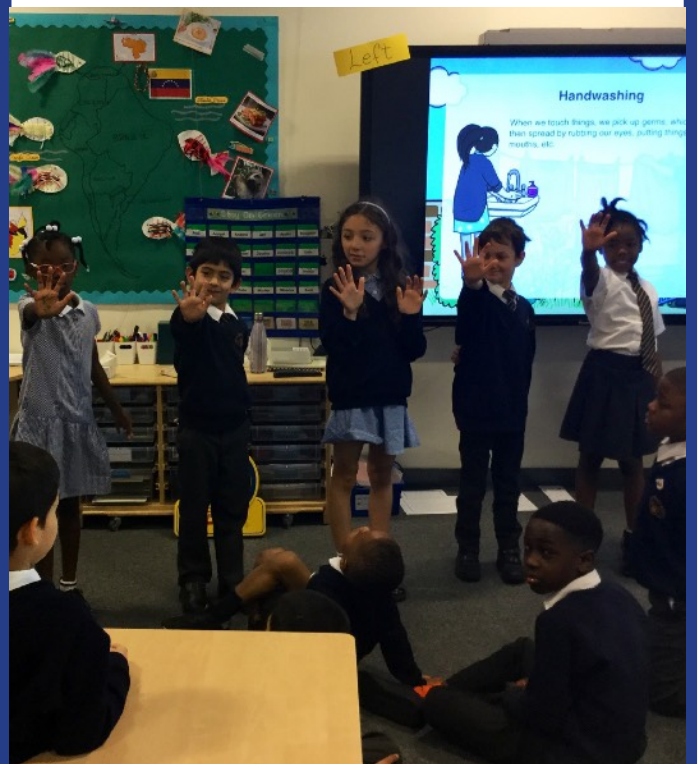

## YEAR 1T

In English we planned, wrote and published our own creative writing.

## YEAR 2

In Science we have been talking about staying healthy and we did a scientific experiment to see how easily germs can spread. We will definitely make sure we wash our hands now!

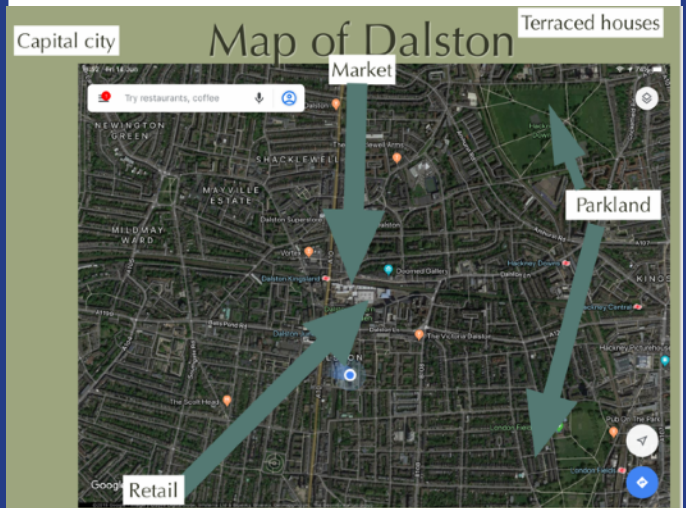

## YEAR 3

In Art we created abstract collages using magazine extracts and drawing freehand lines. They were inspired by Henri Rousseau's jungle paintings.

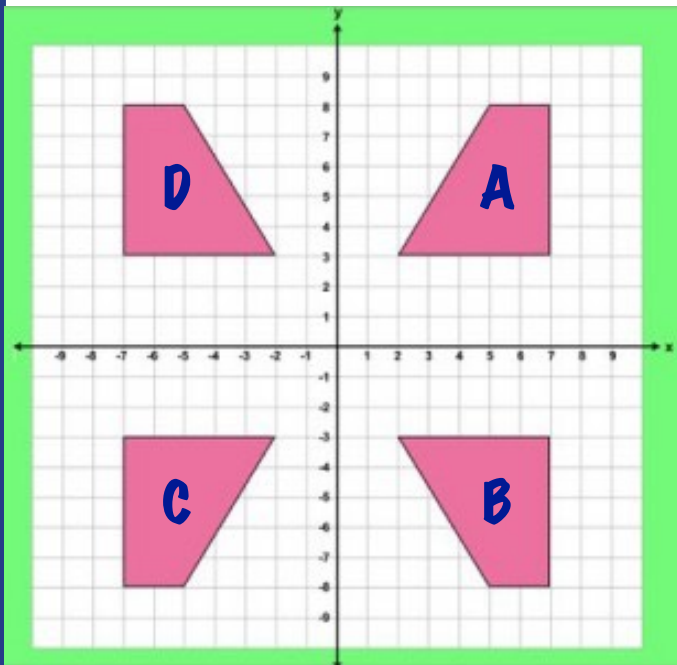

## YEAR 4

In our geography lessons this week, we learnt about some features of human geography in our local area using Google Maps. We used the satellite view to see the different types of land use and learnt about the different purposes of the buildings, including the service industry (retail, health and education) housing (terraced houses and flats). We learnt that our settlement type is part of a capital city and that we have lots of different links to other places, including roads and different types of transport.

## YEAR 5

In Maths we have been learning about the four quadrants, reflection and translation. We learnt about the X and Y axis and how to write coordinates. Can you work out which of the shapes below is plotted at  $(-2, 3)$ ,  $(-7, 3)$ ,  $(-7, 8)$  and  $(-5, 8)$ ? Has shape A been reflected or translated to position B?

## YEAR 6

In Science we have been learning about forces. We used slow motion recording on the iPad to help us see the effect of upthrust in water. It was both interesting and fun, we did get a tad wet too!
